2.2. There is no option for the Supplier to deliver the Services remotely.

Questions and Answers:

Question 1: Can we request confirmation on why the FTE allocation across the 10 positions varies throughout the initial 18-month term and potential extension?

Answer 1: The FTE allocation across the 10 positions varies throughout the initial 18-month term and potential extension to meet key milestones and deliverables within Defence.

Time has been allocated to achieve specific goals within certain periods, and to avoid duplication of effort and unused work time.

Suppliers may provide a quotation with one person spread across multiple positions/ roles providing they are appropriately skilled.

Question 2: Are there incumbents currently in the 10 positions listed.

Answer 2: No

Question 3: Within the Services Provided table in the Schedule A – Statement of Work in point 1.15 there are dates for the Business Analyst. One of the dates do not align, please confirm the correct dates in yellow:

Business Analyst BUAN 4

- FY24/25: January 2025 – June 2025 0.94 FTE;
- FY25/26: June 2026 – June 2026 1.0 FTE; (should be June 2025 to June 2026 (question)).
- FY26/27: July 2026 – January 2027 1.0 FTE

Answer 3: It is correct as written in 1.15 of the SOW for the portion of services allocation that falls within FY25/26.

To clarify, a Business Analyst is required for one month in June 2026 at 1 FTE. The requirement continues into FY26/27 so the role is required for a seven-month period between June 2026 and January 2027 at 1 FTE.

There is no requirement for a Business Analyst between July 2025 and May 2026.

Question 4: To meet the requirements, outlined in the Statement of Work, would you consider higher rates than those noted on the SFIA v7 rate cards. I.e. utilising the next rate SFIA code? Will candidates be discarded immediately if they are above?

Answer 4: Suppliers will not be immediately discarded if they quote above SFIA v7 rate cards. The Commonwealth will consider higher rates for personnel if they present value for money.

This RFQ requires specialised technical skills and value for money will consider the skills, qualifications and experience of individual personnel presented in the

Supplier's response.

Question 5: You noted that Defence Plaza, Sydney as the location preference, is this where the majority of the team is sitting or is there provision for the team to be in the other locations or remote (with access to DSN) noted in the Statement of Work document?

Answer 5: Defence Plaza Sydney is the preferred work location for the personnel.

Per the amendment to 2.1 of the SOW, there is the option for personnel to work at Defence Plaza Sydney or Campbell Park Offices as their primary work location.

Flexible work arrangements at other work locations listed in 2.1 of the SOW will be considered on a case-by-case basis.

There are no remote working options. This is reflected in the addition of clause 2.2 of the SOW.

Question 6: Will there be an industry briefing on this release?

Answer 6: No
